The Premises:

Very clean and tidy, only a massage bench in the room. One other lady available and two occupied, but I had gone to see Marander and she was available.

The Lady:

Early twenties, slim, c cup breasts, pale, red head, appeared very shy at first but when I mentioned BDSM became a star in the room.

The Story:

Fancied something different and the website states "as she is in taking charge of her clients in the dungeon where she loves showing off her corrective skills". As I was new to this sort of thing didn't want to commit to the dungeon, so waited until we had started the massage before mentioning anything. Marander described herself as a "switch", wouldn't do anything to me she hadn't tried herself. She then went to her bag of tricks. Don't really know how to describe the first, it was like a beaded cat o nine tails which she dragged over me very sensually, the second was a fir cat o nine tails, she had made herself that she both stroked and whipped me with. Finally the pin wheel, a bit like a pastry cutter, again sensually applied, not painful but then again it was, well different!! Finally we got down to oral and sex with mutual spanking and nipple pinching, mine are still tingling. I had a great time and hope Marander did too. I will find out next time because having tried something different? I am definitely going back again for more.
