The Premises:

As previously reported many times

The Lady:

Chloe: Facially one of the prettiest girls I have seen in my life. I hate it when field reports say this sort of thing and inevitably when I later see the same girl I find that the statement has been wildly exaggerated. I am not exaggerating with Chloe.

Pixie: Previous reports are all accurate. Simply oozes sex. Given my description of Chloe, the fact that I paid more attention to Pixie (and felt guilty for doing so) says it all.

The Story:

I had arranged to spend an hour with Pixie with Elise joining us half way through for the second 30mins. Unfortunately when I rang to confirm that morning, Elise's schedule had changed and she was no longer working at Annabella's that day so I booked Chloe in her place, on the maid's recommendation that she would work well with Pixie.

First half hour with Pixie on her own was about the best half hour of my life. I have had about 70 punts in total and this was by far the best of them all. Pixie really made me feel that she wanted me more than I wanted her and was completely into it, no holding back from the second she walked in the door. I quickly regretted having arranged for somebody else to join us as I didn't really want to share her! And on reflection, separate punts with the two girls might have worked better. With Pixie it is not just her looks that make her attractive, it is the continuous cheeky grins, eye contact, dirty talking, etc. etc. The whole package is unbeatable. I told her I was really sorry but that I would have trouble seeing her next time she is working as I had my parents staying over Christmas and that I couldn't really turf them out. On reflection I think I might have to!

The second half hour with both girls was a bit more awkward. The heating had been on in the room and after half an hour of vigorous activity with Pixie, I was covered in sweat, and I can't imagine that Chloe was relishing the thought of joining us at that stage. I'm sure under a different scenario, she would have been more keen to take the initiative and have got more into it herself. I had hoped for a threesome but it turned into two alternate twosomes with me feeling that I was neglecting the other

girl in each case. At one stage I asked if the girls were prepared to do anything with each other but Chloe said that she "had not worked with Pixie before" (despite the maid's recommendations) and obviously wasn't keen. No matter, what I did get from Chloe was about the best OWO I have ever had. She really performed it well with constant dribbling and eye contact. I never imagined I would ever see my c*ck disappearing into such a pretty face.

Finished off with a joint shower at Pixie's suggestion which was very nice.
