The Story:

Arrived at her place on time. She welcomed me wearing a black dress (great for a day in the office but it wasn't doing anything for me at all). Gave her the money. Points to note:

1. "Mood music" is a great idea, but use a CD not the radio. It's NOT a turn on having a girl suck my dick while listening to people on Magic Radio sending best wishes to their loved ones serving in Afghanistan with the Army.
2. In a WG's job, it's inevitable that someone is going to want you to use a vibrator (even if you can't predict who that person will be when they walk through the door). Anticipating this, please try to ensure that the batteries are working. Getting me "worked up" (ahem..) and then leaving me on my own for 5 minutes while you (a) look for new batteries (b) try to fit them in the right way round and (c) ultimately give up, is piss poor.
3. No one expects DFK, but K at least would be appreciated.
4. If you want to rub your tits over me, that's fine but don't do it so fast, it feels like both of will burst into flames from the friction.

Overall I felt that I was on a conveyor belt and she was certainly one of those Thai girls who wants to have as little with the client as possible. No-one becomes a WG as a career option, but if you want to get it over and done with that quickly, find another job.
