The Premises:

The place is fine but parking a little tricky so I parked in the Tesco car park close by.

The Lady:

Her pictures on the web do not do her justice, she has a fantastic figure as all the eastern European girls seem to have. What do they feed them on? Her breasts are enhanced but very well done feeling as natural as these things can.

The Story:

We sat for a while talking and getting comfortable. Then I spent some time with the breasts playing with them which she appeared to enjoy. I then slowly unwrapped the rest of this wonderful package, paying attention to the pert bottom. We moved on to a more intimate level and my mouth moved to the pussy. This was both fragrant and juicy, I spent a lot of time on this in the hour as she came for me; which I love. Then onto a lovely love making session. This girl is highly recommended. Have fun guys.
