The Premises:

Nice apartment in Canary Wharf. the entrance is quite public, depending on the time of day. The flat itself is very clean and smart with a nice bedroom and good facilities

The Lady:

Olivia is 5'5" -ish, slim, with small breasts. She had a wig on when I saw her, her natural hair is very short having been a skinhead briefly. She is very attractive, with lots of tattoos, piercings and she has unshaven pussy and armpits. She looks fabulous.

The Story:

A couple of items she asked me to stress before the report itself.

- 1) She doesn't do same day appointments
- 2) She prefers text to make bookings
- 3) She wont answer withheld numbers

I just love seeing O. She greets you like a long lost boyfriend, enthusiastic, deep french kissing, grabs your cock and is happy for you to fondle wherever you wish. This time I was a tiny bit late, we greeted as above, I jumped in the shower. When in her room we snogged and groped and licked and sucked (in her case with condom). After a while and plenty of licking we had sex in spoons and mish. Olivia squirted all over me while in cowgirl and frigging herself. It was a big spurt of juices and shortly after we went back to mish until I could hold out no longer, whipped off the condom and she brought me off one hand rubbing my cock the other squeezing my balls, all over her stomach. Fantastic, she is planning to leave to country soon so go see her while you can. The rate quoted above is grandfathered.
