The Story:

Had been looking to arrange a chirstmas present for myself and boy what a present. I spoke to Olivia (great english) at length about what I wanted and she seemed more tha willing to help. She welcomed me at the door in her swimming costume as my request, we sorted out the cash and then I followed her up the stairs stopping her half way so she could bend over and pull the swimming costume tight into her pussy and arse crack, she suggested that I might wnat to taste her and who was I to refuse, she loves to have her pussy licked and her arsehole rimmed. We then dived into the bedroom and it was off with all our clothes she wanted to return the compliment and was quickly sucking my hard cock and rimming my arse which was great fun. By now I was bursting so it was on with the condom, I laid on my back and she lowered herself onto my cock whilst facing me so I could get a great view, I reminded her that I wanted her arse so she raised herself off me and then fed my cock into her arse allowing me to put 3 fingers into her soaking pussy, she bounced up and down for a couple of minutes untill I was ready to cum, at this point she jumped off me I whiped off the condom and shot my load of spunk over her lovely face she sucked me for a few seconds more rubbing my cock over her face to collect my cum and put it into her mouth. We then lay on the bed for a few minutes chatting and laughing about what had just happened. We then went into the bathroom and shared a great shower.

All together a great experience I got the Christmas Present I wanted.
