The Story:

I had tried to book Alexa last time I was in London but she was away, So I booked her 3 days in advance to make sure for a 2 hour i asked the receptionist if she could wear the same cat suit she has in the pictures plus high heels , Red Nails, red lipstick and not to much make up on the morning of the booking i called to confirm and to make sure all was OK. Sure enough every thing was as planned. I arrived and my heart was thumping though my chest with a sort of nervous excitement i was not disappointed she opened the door and she greeted me with a big kiss and cuddle she smelt fresh and gorgouse

I asked for a massage, she lead me to her boudoir I got undressed a layed on my back she started on my shoulders and worked her way down she could she my cock was standing to attention she slow started to wank me off and as she was doing it her beautiful trimmed pussy was inch's from my face I started to finger her and pull her on to my face until she was sitting on my face i proceed to fuck her with my tongue as she was suck my cock we then went straight in for a bit of reverse cow girl just seeing her gorgouse fit arse sent me to heaven i couldn't hold off any longer and shoot my weeks worth of cum deep inside her. I caught my breath we had a chat till i was ready to go again managed another two times had a quick chat and left then i was ready for the day of boring appointments.
