The Premises:

Top floor studio flat, plenty of stairs. Clean and suitable for purpose, once I got my breath back.

The Lady:

Brunette Russian girl, about 5'4", probably early twenties. Disappointingly, Flossie is not quite the same as in the website photos which have been photo-shopped, but probably is the same girl. Her hair was straggly and her face had rather oily skin, but having said that I arrived early for my appointment and she may not have had time to put on make up etc.

The Story:

I had had a long journey to get to Earls Court. Flossie was my 3rd or 4th choice of companion, the others were not available at that time and so having arrived at the flat and despite the difference between website photos and the reality, there was something about her which prompted me to stay, so atay, I did.

It was not the best punt I've ever had, but not the worst either. Flossie had very limited English and I have no Russian so most of the directions were given by mime. I think she is new to this, but she seemed determined to give me a good time, so the hour was spent with Flossie licking my cock and my balls, deep-throating me and finishing off with full sex in doggy, missionary and cowgirl positions.

I probably will not re-visit but would recommend for her attitude and for trying so hard to give me enjoyment.
