The Lady:

Door opened by a most gorgeous and beautiful girl, Tall with Rita Hayworth brunette/blonde hair. Fabulous body with long legs. A real film star.

The Story:

Led into a luxurious nicely furnished bedroom. Following financial exchange she left briefly, while I quickly undressed and waited impatiently. She returned soon & quickly slipped her clothes off to reveal a perfect body to die for with beautifully formed breasts & very kissable nipples. She has an angelic face & the softest lips.

She came into my arms, where we stood kissing gently. She was also gently stroking my cock & it got harder & harder. She slowly went down on me, kissing the tip of my cock before taking the whole shaft into her sweet mouth. My whole body was throbbing with excitement whilst she gently slipped the condom on. I entered her from behind while she was bent over the bed moaning gently. I was soon ready to explode & quickly turned her over & shot my load over her body.

We then lay on the bed kissing & she was alternately stroking my cock with such delicate fingers & a superb technique of kneeling & sucking my cock while lubricating it & rubbing it at the same time. Sexy eye contact with a sweet smile was maintained during all this. I was stroking her silky body and gently slipped my fingers into her. She was wet & she slipped the condom again & came on top of me guiding my cock into her. She rode me looking wickedly at me with those Fuck me eyes. I quickly turned her over and thrust deep into her, soon pulling out & coming all over her again. Without a doubt the best WG I have met. A real hidden jewel & a true GFE experience. Five star treatment & best value for money. Cannot wait to see her again.
