The Lady:

What you see in the pictures is what you get...great body, and she has a pretty face.

The Story:

Mei is Thai, but she's been here long enough that she doesn't have the accent, and she looks unique to other thai girls, more appealing to me anyway.

Started off with a kiss, and her telling me to warm my hands on her body, then she led me to the bed, more kissing and then OWO. The kissing started just open mouthed, but very quickly turned into DFK after getting more comfortable.

She then lay back on the bed, and it was my turn to return the favour. After I tired my tongue out, it was on with the condom into missionary. Missionary just felt perfect with her, after a while she moved her legs up and I had her feet on my chest, which I like, and had me cumming soon after.

Mei is friendly and easy to talk to, and I left with a hug and a kiss. While she's around in London, I won't be thinking of visiting any other thai girl, thats pretty much certain.
