### The Premises:

A quiet residential area with on street parking in an adjacent street. The house was clean though cheaply furnished.

### The Lady:

Eve is a pretty East European, slim with short hair and rather nice breasts and pert nipples

### The Story:

I was shown into a small bedroom and she left returning in a couple of minutes wearing bra panties and stockings. We kissed and caressed as we undressed each other. I felt her becoming moist and spent a while giving her oral. Without asking she gave me oral. We didnt have full intercourse though I think she was happy to but after giving each other oral for quite a while I was ready to cum. When I said I was close to cumming she took me in her mouth. She didnt swallow but discreetly used a tissue after I had cum. We then kissed and caressed some more before I left. At no time did I feel she was clockwatching or in any hurry.
