### The Premises:

this is my second visit to this place. it is a detached house in a back street with plenty of free parking. the same smell of smoke hit me as i walked in again this time which has maybe put me off going again?

### The Lady:

Ashley came into the room wearing a basque and fishnets as seen in website pictures of her. she is sexy and pleasant. id say mid 30s with good figure and perfect tits.

### The Story:

started with the usual rub down which led quickly to my balls. she lickled and licked them for a while as i played with her pussy. i asked if i could lick her pussy which was very nice and she came as i did. round to the job id come for which was great. Ashley seems to like her job and is enthusiastic about what she's doing. she said she enjoyed our little bit of passion and i did!
