The Premises:

Pleasant, spotless flat in a modern development. Agency lady was very pleasant and liked a laugh on the phone.

The Lady:

Very attractive young lady with Caribbean genes. Slender and shapely with perfectly-shaped natural assets of magnificent proportions. I am not normally a tit man, but when I encounter a pair like this, I can't help but be appreciative. She's also intelligent, articulate and very charming.

The Story:

There are no pics of Lori on the site which is a shame because she's very lovely. I was skeptical of the 30GG bust rating, but it's dead on, and all natural as well. Definitely worth a mention on the 'Slim and (naturally) well stacked' thread on the PN forum.

After the financial business was done I was offered a shower and a towel, but neither were necessary. Started off with a bit of light snogging and then I had to start paying attention to parts a bit farther down. That didn't illicit much response, so headed farther south for an extended session of my favourite pastime. Suffice to say that after about twenty minutes of attention, the desired conclusion was reached. It was great, I was soaked. Luvely!

There wasn't much time left and I don't like to take advantage, so five minutes of delightful OWO ended in a titwank (Lori has assets that are perfectly formed for this purpose) that was lengthy, explosive and very messy. Had a nice chat while getting dressed and with my head spinning, got as lost as hell on the way home. Brilliant.
