The Premises:

Ground floor apartment in a terraced town house located between South Kensington and Gloucester Road tube stations on one of the busier thoroughfares. I was allocated the small room for the first time - pleasantly furnished but no ensuite shower/toilet.

The Lady:

Pretty 20 something dark brunette, slightly above average in height, slim, small-medium breasts, narrow landing strip between the legs, kissable lips, single tattoo just above shoulder blade.

The Story:

I previously saw her in March 2011. This is the first time I've ever filed more than 1 FR on the same lady but I wanted to provide reassurance that she is as good as ever.

The website defines her services as full GFE, DFK and owo and this is precisely what I received all delivered with enormous enthusiasm. Certainly she's among the best kissers in the business and this activity predominated throughout the session. She's proactive in taking the lead to provide a bit of variation and adept at talking dirty in saying what she wants doing to her.

She's talking about having a boob job soon that would take her to a D cup. Shame in my opinion as she is perfect the way she is.
