The Premises:

Let me start by saying this place is in need of a good re-vamp! Its clean enough,very safe with both front and back entrances,op tescos on the high street.

The Lady:

Nisha is delightful! Absolutely wonderful. Sexy,slutty type. She is from mauritius so looks indian but born here so english speaking. Long black hair,caramel skin and these lovely green eyes. She is a curvy lady,all bum and thighs with pert smallish breasts. Taller then me so i would say about 5ft 9,lovely long legs and a beautiful smile (the red lipstick always does it for me)

The Story:

Had a hour service with OWO.. Well it was bloody great! what that girl can do with her mouth is mind blowing! Seems to really like her job,really into it. Suggested postions,brought out toys. None of that trying to stop you from getting in deep. Let me put her legs on my shoulders and get right in. The room was mirrored and to see her face as i went in from behind was superb. Nisha has the biggest arse i have ever seen and also does anal,didn't get to try it as i didn't have the money but i intend to next time. Five star service,been here a few times and its about time they got a exotic looking girl, very friendly an accomodating. Curvy sexy slut!- love it!!
