The Premises:

Small terraced house about 5 minutes walk from the tube, shared with an undisclosed number of other WGs. Reasonably discrete location. Decent enough inside. Shower off the kitchen.

The Lady:

Profile pix are accurate. Reasonably attractive hungarian brunette girl about 19/20 y.o. Slim with small breasts. Rather oddly her profile pix show her wearing glasses.

The Story:

Mechanical is to put it kindly. One of those punts where no matter how hard you try to generate a friendly atmosphere, nothing seems to work. Not much smiling. Lots of fussing about acceptable positions, no kissing of any kind. Not conducive to getting or maintaining an erection though I managed in the end. No response whatever I did. The piece de resistance was being told that I could not have a shower because my time was up. This girl in the wrong job.
