The Premises:

Very well appointed flat with two bedrooms; busy street actually makes it private. Near South Kensington tube station (5 minute walk) or Gloucester Road tube station (6 minutes?).

The Lady:

Lovely lady, as in the pictures. Very soft skin. Lovely, lovely breasts, which are large and natural. She enjoys them being touched. One small tatoo on her arm.

The Story:

She kissed me -- deep and sensually -- when she came into the room. She let me undress her (although there wasn't much to take off of her!) and I kissed her nipples, which she liked. She said she wanted to see me undressed, and helped me do this. She dropped to her knees and started worshipping my cock, which started off soft (why, I do not know -- perhaps the lingering cold from outside) but quickly came to attention. Very quickly. I sat on the bed and she continued sucking me whilst on her knees. I told her I wanted to come twice in the 45 minutes, and that the first time I wanted to cum in her mouth and then for her to give it back to me with a kiss. She gave me a naughty smile and said she would. What followed, with me now on my back, was probably the best suck that I can remember -- and her technique was so wonderful that it happened quickly (which I wanted). She paid attention to my balls, too, which I like.

After that first cum, she cleaned up and I worshipped her body for about 20 minutes, while staying much harder than I thought I would. She was surprised, too, although she shouldn't have been.

After about 20 minutes, with about 15 to go, she asked me how I wanted it and I said a hand job. She did this with great vigour, and although I almost came two or three times, it wasn't to be (my fault, not her technique, which was perfect).

I think she felt badly that I didn't come twice, but I told her that she'd done everything right. Truly. I'll be back.
