The Premises:

The flat not the town house. Easy,cheap parking in very safe area.As always a clean,warm,welcoming enviroment especially compared to the snow and ice outside.

The Lady:

I move between Milton Keynes,London and New York for my punting.Therefore I have been lucky enough to have sex with many beautiful women.Sally is lovely to look at but it is the whole person that makes her beautiful not the individual component parts. For example Valentina has more shapely breasts, Mira a cuter mouth and Laura better hair but judgements of physical attractiveness are not the way to decide if you should visit Sally.An appointment with her should be on all punters of taste to do list as she is superb.

The Story:

I think Sally probably works to a routine . Chat,kiss,undress you,kiss,undress her, kiss,OWO on knees,french kiss,OWO on bed, 69,french kiss,condom,cowgirl,doggy,climax,kiss, cuddle and chat. What is important is the feeling she gives that your the only person to make love to her that day or even that week ! She treats you how you hope your girlfriend will on your birthday. She may proceed to a pre-planned pattern but it works so well she must keep it. You do not change a recipe when it is perfect. I could make love to this women every day in this way and be long dead before I tired of her.

I use at least 100 paintbrushes in my work but I most often use one particular brush for no logical reason other than I like it.I could rationalise my desire to see Sally again by remembering the way her pussy gripped my cock as she bounced up and down on it or the way she produced a climax as i swirled my tounge on her swollen clit.But there is only one real reason I will see her again and that is she is a delight in every way.
