### The Premises:

When I fineally found it not bad.

### The Lady:

Skinny - not really my type.

### The Story:

The girl I am reviewing is not the girl I booked. Bait and switch - yopu know what I mean. I asked for and was told I would be seeing Maria. Read countless reports of her and was really looking forward to the encounter. After pounding the streets for about half an hour I fineally found the flat.

I have never met Maria so I was not entirely sure at first whether I had the right girl. Anyway I handed over the cash and got ready for action. Having now checked the AS website I know I did not see Maria, in fact the services this girl offers are limited even as described on the website. As this was starting to sink in and the lady was offering very little in the way of sexual activity, the door opened and in walks another young lady. Do I want a two girl experience? Well, in the light of the current situation I sorted out a bit more cash and went for it - things could not get any worse. This one said her name was Cindy but is certainly not the Cindy on the AS site. I could not help thinking that if Maria had been by my side I certainly would not have needed any other lady.

The result was a half decent experience but since I was expecting a PS performance from Maria I left disappointed and very angry with the Agency.

I have used Asian Selection on a number of occassions and found them very honest uo until now. If the lady was not available they would tell me. I have now deleted them from my phone and will give another agency the call when I am in need in the future.
