The Story:

Not my first visit to April but my first in a very long time.

I always opt for the quickie service here and today's with April was a belter. She came in the room, stood by the wall and pulled her knickers to one side and rubbed her minge. I grabbed hold of her, turned her around and grabbed her arse and had a good feel. April quickly disrobed and knelt over the edge of the bed and sucked my rubbered up cock whilst I stood up. She turned around and stuck her arse up in the air and I went to work licking her gorgeous looking ring with April encouraging me to push my tongue deep in her arse. We quickly moved to doggy style fucking and I gave to her hard and fast still whilst I was standing. Lots of encouragement from her and doesn't mind a finger in her arse as you shaft her. My only complaint was she pulled off me as soon as I came sort of ruining the moment. I had sort of queue jumped but still thought my 'moment' had been spoiled as she had another punter to see in the other room so I knew I was being rushed. Still highly recommended though.
