The Story:

I was very disappointed with my first visit here. Amy was quite pleasant but made very effort to engage in conversation. she appeared awkward which made me feel uncomfortable. quite unfriendly and perfunctory. she started with a short massage and then rubbed my cock until i was hard and after using a wet wipe to clean my cock started with owo (extra ?10 on top of the basic ?45) which was intermittent. she kept stopping and reverting to hand far too much. she wouldnt allow me to give her oral. and although she said i could touch her pussy, made it difficult with legs quite closed and unwelcoming!

she put the condom on and then offered to start on stop. she did feel good however, and then i went on top and came quite quickly - it had been a long time since!

she then wiped herself down with more wet wipes!

I had only been in the room 10 mins (like i said, it had been a while since my last shag!) i was hoping for a repeat or some other play, but it was clear she wanted to be dressed and out. If the girl is patently uninterested i see no point in pushing - just makes the whole act feel wrong!
