The Premises:

Making contact with Pia and the process leading to a first meeting was easy and straightforward. I prefer in calls and am unused to hotel liaisons but I needn't have worried as after speaking to Pia on the phone I was reassured and all set.

The Lady:

It has been said before but I will say it again Pia is even more gorgeous in real life than the pics on her website. She is stunning and what I would call a 'real woman' in every sense. She has great presence and you feel you are in really safe and I know this may sound cheesy, but kind and safe hands. She was dressed in an elegant, classy dress, which showed off just enough of her cleavage and also black tights and heels. I didn't request anything dress wise - to be honest I don't like to but I have never been disappointed. Pia was dressed perfectly for me and she was sensuality, sex and the feminine on legs!

The Story:

I brought along a bottle of white and she had made some scones - they were delicious by the way! We drank the wine and ate the scones and chatted about all kinds of things as we got to know each other - to be honest, I know we're all different, but I enjoy this process immensely, as it creates the kind of connection and frisson I enjoy and is part of the reason why I engage in this delightful pastime.

She is it has to be said a terrific conversationalist and keen observer of human nature.

Pia is an utterly fabulous kisser - again, I know we are all different, but I can't tell you how much I love and enjoy a woman who relishes being kissed - she does and she is fantastic at it. I felt like I had been kissing her all my life.

I respect the convention and etiquette that what went on in the room stays in the room, but equally appreciate that this is a review. I am prepared to say that for the duration of my time with her I felt (and this is because she is so kind and professional) that we were truly making love not just having sex. Blew me away to be honest and the climax (so to speak) of our time together had me feeling really happy and satisfied.

Lots of cuddles, lots of kissing, lots of chatting, lots of fun and laughter, followed. What a way to spend an afternoon.

Just as in life all good things come to an end - so did my time with Pia. I left her on a genuine (endorphins, connections, you tell me?) high that made my time with Pia worth every single penny and more!!

Can't wait until the next time - not before to long of that I am sure.
