The Story:

Advertises services including FK, OWO and CIM, none of which are available.

Started with a firm, uncomfortable massage which she gave while chewing loudly on a piece of gum. After 10 minutes (and presumably after her gum had lost its taste) she asked me to turn over, immediately slipped on a condom and began sucking. After another couple of minutes she asked me which position I wanted. I chose mish. It was clear from the grimace on her face that she just wasn't into it so I withdrew, finished over her body, cleaned up and left. Despite paying for an hour I was back on the road within 35 minutes of arriving.

I's been several years since I wrote my last FR but this one was such a waste of money that I wasn't going to let it go. This is yet another Asian establishment in Brum that promises far more than it delivers.
