### The Premises:

My first time to this very nice and well managed establishment.

### The Lady:

Petite, naturally very busty and with a great cheeky smile. Website pictures are accurate but the real thing is way sexier.

### The Story:

I don't punt that much and over the last few months I have had a bunch of pretty duff experiences which I could not even be bothered to write up. Pixie does not need another good review - it is already pretty hard to get an appointment with her - but after such a good punt I am afraid that I have to add another one to the pile. Pixie is incredibly sexy and great fun. No need to go into details - she is ace. I do not believe that ?60 can be better spent!
