The Premises:

The well known site near Staples, clean, tidy, plenty of parking.

The Lady:

Tall and slim, even better in reality than the web site pictures...and goodness knows they look good. A figure to die for, so beautiful. Shes taller than me in her heels but I suspect, because I've seen her before, she appears in 'sensible' shoes to make me feel the tallest. What wonderful attention to detail !

The Story:

Such a warm welcome when she appeared wearing her 'one piece' pyjamas which where surprisingly sexy. She disappeared with the money and returned very shortly after wearing a short and sexy black dress instead. I'd have settled for the jump suit !

She then proceeded to give me the best GFE experience I've had in a long time. I started giving her attention which she recipricated fully. It went on from there really: No details I'm afraid, I'm a true gentleman after all... Once over we lay and talked. I enjoy that almost as much as what preceded it. She's such an open, friendly girl, surprisingly intelligent, a joy just to lay back, cuddle and talk to.

Treat her well. gentlemen. and you'll get sooooo much back.

And Katie, by the way, the cats were alright !
