### The Premises:

Its a shop on New Oxford Street, very close to Holborn Tube station. A few ladies hanging outside but due to the fact it appears to be a genuine shop I didn't feel embarrassed. Felt pretty safe too. Inside is fairly grotty. Room was cold and walls thin so I would hear people outside.

### The Lady:

When I laid eyes on Coco I think I nearly turned gay. I thought she might be a pre-op TS or something. Hideous bucked teeth, a backside that looked like it was lost in an opium field. Just awful body shape I'm afraid.

### The Story:

Sex isn't offered here. Well, that might not be true. The lady who answers the phone seems to be the boss. I guess it's no coincidence she also speaks the best English. She said they do body to body, if I want more to ask the girl (NB She also bangs on about where you've seen the ad). Coco came in, took me a while to work out she is a woman (I think). She let me touch her up but her pussy was dripping with piss so that was a turn off (to say the least).

Her phone went off and she answered it (more points deductions)

Room was cold

While getting wanked off I heard noises outside.

On way out I clashed with a punter coming in. That's bad protocol (or maybe thats just me)

To be honest I deserved this. Horrible experience, NEVER to be repeated.
