The Lady:

I have visited Eve before and we'd agreed that she should be dressed in her school girl outfit. A great look and then she teasingly revealed her lovely body. Slight body with pert breasts and bottom, lots of tumbling blonde hair and a very pretty face. Young and energetic. She pays great attention to hygiene, body, breath (all are asked to brush their teeth and shower) and smells and tastes lovely.

The Story:

AFTER Eve had slowly shed her skimpy uniform, teasing me the while, she primed her body with delicious oil and then set to with her devastating oral technique everywhere, eventually focusing on the really important parts. Once I'd exploded I returned the favour delving as far as my tongue would go. This produced the right effect on Eve. We then got our breath back chatted and giggled. I was wondering how soon I could get going again but Eve with her touch and tongue soon saw to that. As we both got roused again, we tried various positions and whilst we'd agreed that we should end up in doggy, I didn't last that long.

Eve is a lovely woman with a gorgeous body, great company and sense of humour and has lots of energy
