The Premises:

Situated next to taxi rank up a flight of stairs or you can use the rear entrance. It was clean and in a safe area on main road leading into town centre. Room was spacious and tidy with a larger than average shower in the corner.

The Lady:

Hannah was as described on their web-site (no picture). She has long dark hair not bad looking and a very nice shapely body. She has firm breasts 34c/d with nice perky nipples. Hannah is Spanish and her English is very good.

The Story:

Was offered a massage on both back and front which was administered very nicely. Onto what I came after getting me nice and hard oral which was performed before sex in various positions with kisses and licking performed around my chest area until I came. A very good service provided by Hannah.

N.B. A bit of a sore point about my visit took a shower afterwards but was told to hurry up by before Hannah left the room and when she returned not her fault and when getting dressed had the door banged on by (security) telling me again to hurry up was not even that long and it has never happened to me before. It says a no rush! service on their web-site for this reason I am not sure if I would go back nothing against Hannah her service was very good.
