The Premises:

She did an outcall to my hotel in Central London. She couldn't get a taxi to my place so i had to wait 30 mins over the appointment time.

The Lady:

Very small built, petite, dark-skinned Indian lady, small tits, a bit flabby around the tummy and behind. Good personality.

The Story:

I chose a girl from this website as there were some good reviews of this agency. Aisha's face is obscured on the website, so i wasn't sure what to expect. She was the only girl available at the time so i booked her on their recommendation. She was great to chat to but the service was very average. She didn't have the body like some of the other escorts i've seen in that price range. I felt cheated at the end of the session and went online looking for another escort.
