Typical place, fine.

The Lady:

She was wearing a white blouse with no bra on. She is small. I was quite surprised because her hair is a lot shorter than in the photos. It is definitely her, but I have to say that I disagree with all this "much more beautiful than the pictures" balls that many of the other reviews contain. She is in her mid 30s and fairly average looking. Her implants are OK, but by no means the best I have seen. She does have a cheeky air about her though which is very charming.

The Story:

As I said above I wasn't blown away by her appearance, but the performance was outstanding. After a very nice bath we went to the bedroom and did all the usual stuff. She managed to keep me going for pretty much the whole hour before I shot my load up her arse.

I tend to prefer more attractive, younger girls, but it was a whirlwind of activity and she was happy to do anything. Very nice woman and very nice personality, but I won't return.

Incidentally, I told her about the stir that she is creating on the forum and she had no idea.

Not 100% sure that the date above is correct, but it was around then.
