The Story:

I always get one hour service, but with Suse I decide for 2 hours service as a girl with that body never deserve a quickly!

She arrived with warmly smile and stunning dressed! I enjoyed the time undressing her and we shared a bath together. We gave each other a good all over soaping she let me finger her pussy as she massaged my very now stiff penis. After the bath we got on to a double bed and had a very good massage with oil, it was just the right amount of teasing. She asked to massage her at which she rolled onto her back and spread her legs, well what could a gentleman do so after a little application of oil went in with the tongue and really gave her pussy a licking?

After about 15 minutes of this she started to cum and no way was it faked! She writhed and gripped my head with her tights and pulled me into her as hard as she could. Then to top this she wrapped on ankle around my neck to put the pressure hard onto her clit. WOW. After this I was knackered but she expertly sucked and licked away, sensing I was coming she applied the condom and put herself on all fours and I pounded my dick in her as she screamed at me begging for it harder and harder.

I couldn't handle any longer and exploded my load into her. Fantastic girl and great value of money!
