The Premises:

Well been here before a couple of times,not the plushest place but serves a purpose. Discreet back door,got good security at night. Normally come on a friday night to see Nisha but she wasn't here this week so had a choice of 3 as 1 was busy and Tia seemed to be the closest to the type i like.

The Lady:

Well the name Tia and the colour of her skin in the dim light would make you think she is exotic but at close inspection see its a lot of fake tan,she is english! Long hair,curvy boody,nice eyes great big tits!! Not really a tit man myself but was actually looking forward to getting to grips with them.

The Story:

What a waste of money! First Tia refused to take off her dress,claiming that it was too hard to take on and off! Wouldn't let me touch her tits. She just didn't seem happy,just wanted it to all be over to be honest. 1 position,me on top and even then kept her legs tight around me so i couldnt trust like i wanted.

All in all disapointed,but you live and learn. Next time i will wait for my usual lady.
