### The Premises:

Luna's place is a minute's walk from Tottenham Court Road in the Goodge Street area. There was enough activity in the area to feel safe, although I cannot pass judgement as to how it would be late at night. It was scrupulously clean, with a well-appointed bathroom.

### The Lady:

(Mistress) Luna also works as "Fetish Ella" and looks just like her pictures. She is elfin in size - ultra-petite. For our meeting she was dressed in a slip, panties, fishnets and high-heeled shoes.

### The Story:

Luna only takes notice of and responds to telephone calls. Her manner in responding to telephone calls comes across as very business-like, whereas in person she is really kind and quite sweet. We agreed that I would be meeting her in her "play room" as Luna and that my precise requirements would be discussed when I arrived. This we did, dealt with the formalities, then I undressed. I asked her how I should address her and she said, "Just Luna". The scenario was for her to tie me down, blind-fold me and then use various methods to arouse me, building up to a grand finale with her "milking machine." We agreed that neither true pain nor humiliation should feature in our plans. Firstly, I was immobilised on her table, then blindfolded. The resulting experience can best be summarised as feeling as if a gentle, concerned, nurse had undertaken the task of obtaining the largest possible quantity of cum using techniques of electrical stimulation, firm and gentle nipple/chest massage, pinwheel, prostate massage, anal toys, penis pump and, finally, electric milking machine. When we had finished, more than an hour later, I had a nice shower, then we talked and hugged. So, I had no "strict" experience (certainly possible had I wished it) but a really calm, relaxing and stimulating one. If this type of experience appeals to the reader, then it is hard to imagine a more polished practitioner.
