The Premises:

Imogen's place was very easy to find, it took just a few minutes to walk from Queensway station. Her directions were simple and spot on. Once inside the apartment I could see that the place was cleaned to a very high standard and I was made to feel very comfortable and welcome. It was also very discreet and anonymous.

The Lady:

Imogen is a very pretty lady, she has a lovely smile and beautiful eyes. Obviously I thought she was attractive from her website but just like many others have stated, she actually is even nicer looking in person. She has a great figure, hips, pert bottom and lovely breasts. Her curves are well proportioned and definitely in the right places!

The Story:

Imogen began the session by offering me a drink and asking me to remove my shoes which was no problem. She lead me upstairs and took me into the massage room. It smelt delicately of some kind of oil she was burning, candles were lit and pleasant music was playing. The room had a 'romantic/intimate' feel to it. I was offered a shower which I gladly accepted. The massage began with light feathers being run over my back and legs and bottom area, it was very stimulating. She then went on to give a very enjoyable back massage which lead down between my legs and became more 'teasing' as the time went on. Towards the end Imogen had done a very good job at arousing me to the maximum, keeping me on the edge for as long as I could manage. It was a very erotic and intense experience. Again, like I read on a previous FR, Imogen's boundaries are very clear and should be respected, she is great at what she does. Wonderful lady with a great ability to make one feel completely relaxed and comfortable in her company. I hope to be back very soon!
