The Premises:

Mansion block south of South Ken tube station, reception bod did not even look up, safe and clean.

The Lady:

Small petite Japanese girl, amazing face and great body. Not the girl on the site however !

The Story:

got the folding stuff out the way, had a quick shower, really friendly but seemed a bit unsure and not the GFE as said in emails before. Did the deed, and after said she was in pain and needed a moment, she lay there for a moment then was ok but still sore. Started to chat and this was her first punt ! She was a student and was working for a agency (never found out which one) she had one boyfriend in Japan and little sex. Just went for a massage to finish and left early. She was a sweet girl, naive just dont trust the independent signs on the site !!
