The Premises:

Anonymous chain hotel in the town centre.

The Lady:

Slim, olive skinned, could probably scrub up with a bit of make up, but wasn't looking her best today.

The Story:

I found Cara under the name Naughty 22 cara on a directory site and was taken in by her description of how much she enjoys her work and how much in particular she enjoys DFK and OWO.

She advertises a GFE so I was surprised when, on moving in for a hug and kiss I was pushed away with a curt "Take off clothes." It was an order not a request. Make no mistake, this girl doesn't enjoy her work, and does not offer kissing, OWO or CIM as stated on her web page.

She started off with a massage, so more of a parlour punt than a GFE, but the massage was firm and enjoyable. I then went down on her, and although I had to work hard, she did eventually (and reluctantly) cum, although she had to finish herself off with her fingers. I kind of enjoyed the fact that she made the effort though.

She then gave me a covered blow job (she refused to do it without), which was more of what I call a "whore's handjob." We've all had them, it's where she holds her mouth right near your old chap but uses her hands to try and bring you off.

Positions offered for sex were mish or doggy. She wouldn't go on top. She lay there while I fucked her and moaned occasionally (not in a good way) that I was taking too long.

When I finished I cleaned myself up and by the time I had retrieved my clothes from the bathroom she was dressed in a tomboy-ish tracksuit.

This put was 100% my own silly fault because I forgot my own golden rule about checking feedback prior to punting and never booking a girl without any.
