The Story:

as always i am bad with time and date but was her first day, she did seem abit nervous but the service was good. bj, which was deep. told her to go deep as she could till she just about stopped before she was about to puke. let you do pretty much all the other stuff. didn't ask for fk, as i know indian palace always do say no. overall a nice girl. on a separate note... the maid on the phone was very helpful, too long to talk about but she is very professional and business like (keep it up). surina herself was very friendly and not shy to talk about her life (which definitely make you feel human, if that is the right word to use, and not just a punter) had a good convo and left.
