The Premises:

house at the end of a long road of ilford lane. area is not too safe lookin. typical run down east london massage place with low quality girl variety and service. was the closet one in the area so popped in.

The Lady:

about 5 6, cup c. brunette, face not that wow. not the sexiest of girl i have seen. she is from eastern europe. they have a dog in the house so be aware.

The Story:

another one of my... she will take your money, but o well, im horny mistake. she was not interested from the minute i went in. sucked me off, nothing special she would not go deep. told her to put her back side near my face show i see her bum bum while she will suck me off. she refused. i said why? she said because you will lick me. i said erm no i wont. she said that is what they all say. surely, little danny went abit soft. she said why has it gone soft like she had no idea. a girl who refused to show you her bum should not be working as an escort. told her to rub me of, when i was about to finish told her to suck it quickly (wanted to cum in her mouth with the condom on) she put her mouth on it after i had come (no point doing that is there now). low class service, wont return, do not waste your time even if you are desperate like i was. stick with your hand
