The Premises:

This is an existing venue in an office block on the outskirts of Bristol. Fully kitted out with playrooms, a dungeon, a bar and cinema. The lights are left low, like the music, which all works well. It was also nice to see clean and adequate washing/shower/toilet facilities available. It's clean, kitted out and warm. I was greeted warmly when I arrived and given a quick tour. I was made to feel very welcome, which helped, as I was nervous.

The Lady:

There were between 8 to 10 ladies there during the 4 hours, but I did not play with them all ? I wish! This was my first ?party?, so I was new to it all. I eventually found Rachel or ?Randy Rachel? as she likes to be known. We talked for a while, to get to know each other, before the fun started. I also got to play with Raven, a gorgeous tattooed lady, with fabulous breasts. Finally ending with a wonderful snog with Charlotte ? a self-proclaimed ?biker slut? and wished I'd found her earlier.

The Story:

I spent the first 20 to 40 minutes wondering around, watching and trying to suss things out, before chatting with Rachel. She led me to the ?Dark Room?, where we played for a while, then we ended up in a main playroom, with a big circular table/bed to play on. As we played, we were joined by another man. There was another couple playing close to us and men coming in to watch as we played.

I got together with Raven, as she was being fucked by someone else and she gave me a great blowjob in the cinema area, before we found a room to ourselves, but with windows all around. By the time I get into it, the party was ending. I met some of the other girls outside and they were all gorgeous. I would advise anyone curious about sex parties, to do your homework first, so you don't waste time there. Just relax and enjoy yourself. I had a fantastic time and cannot thank everyone involved enough. I will definitely be back next month for more.
