The Premises:

Alisa's Place is down in the basement but once you find it nice; big, space and clean. The bedroom was bath in red light and big mirror facing the bed.... use your imagination.

The Lady:

Alisa, is in very good shape, slim with nice curves and great backside... I am a bum man. However, with Alisa her skin is dark, soft and smooth, her hair is long and black and her face is beautiful. I do like the thai girls and women from that region generally but her features are just a wonderful blend

The Story:

Alisa has been on the scene for a few years on and off, thankfully she is back on again. When is with me she starts off teasing and tantalising progrssing slowly and building into the more hardcore stuff. Alisa is better in real life than her photos because she is so sweet, kind and thoughtful. Alisa always wears something pleasing just to get you started and she has even worn on the outfits for her photoshoots. I bought her sometime ago.

I don't think it very fair to compare with other women I have seen because they are special in their own way but I am a fan of the person and she does to and for me.
