The Premises:

Lower ground flat of a Victorian terrace property of the main road. A large Studio flat very cosily arranged, spotlessly clean, candles and scent, nice shower facilities and clean and new towels.

The Lady:

Gorgeous girl and much better looking in person. Was wearing a classic black dress showing her slim faultless body and high heels. She takes really good care of every inch of her body. I was very pleased when she opened the door.

The Story:

I was kind of taking a chance going to see her as I had little credible information about her. I had only spoken to her once and liked the sound of her. I was pleasantly surprised at the quality of this lady and thoroughly enjoyed my visit.

All services were on offer although her profile makes her sound like a nymph. In reality she is reserved, shy but once you warm her up she becomes rather naughty. You will have to take it slow with her and build up to a good session. We started with a good chat and a couple of drinks and things developed from there.

She is in London for a couple of months only.
