The Story:

I expected someone a little more up market in such a location but she was pleasant, she talked a lot on a range of subjects which was quite off putting.

The feel was much like a basic parlour punt rather than one of such cost, I accepted the offer of a massage but this was a very poor and neither a massage or arousing.

The sex was ok but not exceptional, she was quite proscriptive about touching and fondling. All in all this would be acceptable at a lower cost of no more than ?80 but is not worth the money.
