The Story:

When I booked the meeting it appears this was with a 'receptionist' which became clear as Cande's English is not great, but enough to get by. I had asked for Cande to wear white lingerie, a nurse outfit, white stockings and high heels. She opened the door in a pink dress, no stockings etc. Into the room and I repeated my request and asked if I could use the loo. Cande was friendly but quiet. After using the loo when back to the room and she had put some black stockings on. I asked she wear the heels, she put them on. She asked how long I was staying. Now I had booked an hour and therefore said an hour as she did look quite sexy. Paid and she left the room. I already thought an hour was a mistake as this didn't feel it would end very well. When she came back I had stripped off and sat on the bed. She just sat next to me, no talking no touching. I lay down and suggested she join me which she did. She grabbed my soft cock and started gently tugging, I moved her hand to my balls and this had the effect. She stripped off to reveal a lovely body. I asked for oral and this was very good, leading to CIM. Although she stopped too soon. Cande rushed off to rinse and left me to clean myself up. She returned and sat on the side of the bed. For fucks sake is it too much to ask for a little human contact or communication. I am a professional well groomed clean man. I asked for a massage and turned over, Cande sat on my back and massaged my back in same area so much it actually started to get sore. Massage went on for 10-15 mins, during which I made attempts to converse, after little response, we remained in that same position in complete silence for a least 10 minutes! I thought I could switch around and fuck this pretty lady as I had paid for it, but clearly she had no empathy with me, no thought to entertain or just communicate with. I got up and asked if I could shower. When I returned Cande was still sitting on the bed, I got dressed and told her she really is in the wrong business and even asked if she was doing this because she wanted to, she said she did but would consider if she will continue. I explained that her lack of talking etc simply made me feel very uncomfortable and like a piece of shit. Another for the team.
