The Story:

Roxy was actually booked for a treat for my wife who after many years passed her driving test. I left the girls alone for the first hour but could hear by their moans that they were clearly enjoying each others company, and by the constant buzz of toys.

When I joined the fun I saw them in a 69 on the bed. I quickly got rid of my robe and joined them on the bed and enjoyed have my tadger licked and sucked by them both. Next I rubbered up and took Roxy from behind whilst she went down on the wife with great gusto. I then took the rubber offer and took my wife in the same position whilst she returned the favour to Roxy. The finale was Roxy cleaning up my wife after I had deposited inside her which was a total turn on and something you could clearly see that she enjoyed.
