The Premises:

This is a flat about a 5 minute walk from Oxford Circus tube. It has a discreet entrance, but it is a high turnover location and I could hear mens voices from the bedroom.

The Lady:

Barbara is an Italian girl, maybe mid 30s with blonde highlights and very ample breasts.

The Story:

After a night out, I could just about fit in a quick punt. I rang the number and asked for a topless, hand relief. The quote was forty pounds. When Barbara spoke to me this became 80 pounds for 30 minutes. I stood my ground because I hadn't the time so forty was accepted. Barbara's best attributes are her nipples, like tuning knobs! I think by the feel of her breasts that they are enhanced, but if that is so, it would be one of the better examples. The hand job was ok, not too firm and she could tell by the speed of my erection that I had popped a blue pill.

I would recommend her, because she is attractive and vibrant, but if I were to go again I would make an earlier appointment.
