The Premises:

A very clean basement flat, in a very safe area, diection clear straight forward.

The Lady:

The photo on site is reasonable, but she is good looking, very good tit job and nice arsse, skin smooth to the touch.

The Story:

This was booked through another agency that messed up time by 20 mins.

This was one of my least successful punt ever, but was not totally auwfulow points were intially refusing DTY, did refuse request for anal which she is advertised for (but which is a lady prerogative to refuse and I did not press).

I found sex with me detached, she made all right noises but some of action felt like she rushing me (but I do not think this was intentional but a lack experince in reading punters desires).

Why did I give her negative review, ultimately I would say to any other punter, there are better girls avaiable.
