The Premises:

Ground floor maisonette in a quiet road, quite safe, parking in road.
Place looked a bit tired but seemed clean enough.

The Lady:

Thai woman, about 5' 4" quite nice body, age probably early thirties.

The Story:

Agreed price for 30 minutes. Started with oil massage which was okay.
Asked me to turn over and tried putting condom onto not erect cock so asked her to give it some manual attention which she did. I tried to sit up to feel her breasts but she wanted me lying down. Answered her mobile while doing it. So on with condom and about two minutes oral before she wanted me in her. Did so in mish then after a couple of minutes suggested doggy which I did and came after a few minutes. I thought she wanted it over asap.

She's not the usual happy, smiley Thai woman. Didn't want much eye contact. I think she just wants the money and get it over as quickly as possible. I was out in about 20 minutes. Waste of money - AVOID.
