The Lady:

Minesha is an Indian lady, about 5'3" with a medium brown complexion, curves in all the right places (size 10), shoulder length straight black silky hair and a delightfully pretty face.

The Story:

A triple whammy for me. She's local (within walking distance), provided an outstanding service and is terrific value for money.

She began dominating me with collar and lead play before a gentle flogging and spanking. After demonstrating my foot worship skills we soon progressed to a prolonged session of pussy sucking.

Unexpectedly I began kissing her neck and face and the action was fully reciprocated. I've never requested, or hitherto been interested in, a GFE, usually preferring domination, but this vanilla play was extraordinarily erotic. With a mischievous gleam she gave the most intense oral before sitting astride me and massaging my dick with her wet pussy. This was followed by a full-on steamy session of mutual kissing before we changed to soixante-neuf where I rimmed her as well.

Afterwards I was drenched with perspiration, reminding me of my youth when I still partook in penetrative sex. She has successfully rekindled that forgotten desire and greatly increased my confidence.

Minesha is an absolute gem. It was fabulous - my best punt this year.
