### The Premises:

My place

### The Lady:

Hour glass figure as in photos. A true Venus Callipyge - look it up

### The Story:

She arrives looking like one of the smart mums who used to cause me trouser problems at the school gates. As I strip her off the ultimate "naughty forty" emerges. She presses all the right buttons with this elderly deviant, and an hour or so later has a totally knackered old man on her hands.

Then, as she finds her clothes, returns to being a really nice lass.

Think this was 6th booking - an absolute find
