The Premises:

Nice place in a private block with entry buzzer. I was given clear directions, and it was easy to find from the station.

The Lady:

She says she's in her mid-40s and I wish I looked as good. Pictures on website are accurate, but don't show her delightful personality.

The Story:

I'm doing this partly to say thank you to the people whose reports I've found useful because I don't know about you, but I always think it is a bit risky seeing someone who is new.

The good news is that I'm glad I took the chance, and the bad news is... well there isn't any. Well, perhaps that she only works a few weekends, so you have to make sure there's space in your diary when she's around, especially as there's a good discount for booking in advance.

I left in no doubt that we'd both enjoyed ourselves and what more can you want from a booking?
